Summary

Graduated computer science student with practical experience in full-stack web development using Java, Python, Mainframes Javascript, HTML/CSS, SQL, C. Proficient in application deployment, testing across development environments, and cloud platforms (basic knowledge of Microsoft Azure,AWS). Strong problem-solving skill quick to learn new technologies, and committed to delivering efficient and impactful software solutions. Excellent team collaborator with a focus on quality and continuous improvement.

Experience

Software Engineering Intern - Evernorth Health Services

Nov 2025 – May 2026

- Trained in **COBOL, CICS, DB2, JCL** for enterprise systems.
- Developed **MyLAS-C Loan Processing System** with validation, approval, and reporting workflows.
- Worked on **Workers' Compensation System (Stratus)** for U.S. insurance claim processing.
- Automated storage monitoring using command macros with threshold-based analysis.
- Built directory mapping and email alert system for efficient resource management.

Machine Learning Intern - Internshala

June 2023 – July 2023

- Learned supervised and unsupervised learning concepts.

MySQL Intern - NIELIT Virtual Accademy

Feb 2024 – Mar 2024

- Worked on database design, SQL queries, and optimization techniques.

Projects

Product Price Comparison System

- Built Python-based scraper to compare product prices across platforms.
- Reduced user search time by 60%.

Blockchain Social Network

- Developed decentralized platform using Ethereum and IPFS.
- Enabled secure and privacy-focused communication.

Skills

Languages: Java,Python, JavaScript, HTML, CSS, C

Mainframe: COBOL, CICS, JCL

Databases: SQL,DB2

Education

B.Tech CSE – Vardhaman College of Engineering

2022–2025

CGPA: 7.64

Diploma CSE – AITS

2019–2022

CGPA: 8.5

Certifications

- IoT Security – Udemy (2023)
- Oracle Cloud Infrastructure AI Foundations Associate
- Deloitte Technology Job Simulation (Forage)
- Entrepreneurship – Wadhwani Foundation
- introduction to MongoDE
- Presented Research Paper at ICCISS 2025
