## SUMMARY

Motivated Computer Science Engineering student with hands-on experience in web scraping, blockchain applications, and full-stack technologies. Strong foundation in Java, DBMS, and front-end web development. Proven leadership and problem-solving abilities through internships and academic projects, demonstrating initiative and a commitment to excellence.

## PROJECTS

### PRODUCT PRICE COMPARISON USING WEB SCRAPING

- Built a Python-based scraper to extract prices from multiple e-commerce platforms.
- Reduced search time by 60% for users by providing real-time comparisons.

### A Blockchain-Based DECENTRALISED Social Networking System

- Designed a decentralized platform using Ethereum and IPFS to ensure user data privacy.
- Enabled secure user authentication and content sharing without centralized servers..

## EDUCATION

### Bachelor's in Computer Science Engineering

Vardhaman College of Engineering • Hyderabad, India • (2022-2025) • CGPA: 7.64

### Diploma in CSE

Annamacharya institute of technology and sciences • Hyderabad, India • (2019-2022) • CGPA: 8.5

### SSC

Deepthi High School • Hyderabad, India • (2018-2019) • CGPA: 9.3

## Internships

### Internshala – Machine Learning Intern (June 2023 – July 2023)

- Learned fundamental ML concepts, including supervised and unsupervised learning.

### NIELIT Virtual Academy – Online Intern (MySQL) (Feb 2024 – Mar 2024)

- Gained practical experience in relational database concepts and MySQL querying.
- Worked on real-world use cases involving database creation, data retrieval, and optimisation.

## CERTIFICATIONS

Security in IoT – Udemy (2023)

Entrepreneurship Certification – Wadhvani Foundation

Web Development Training – Internshala

## ACHIEVEMENTS & ACTIVITIES

Participated in **Saviskar** 2022, 2023 – Tech & Cultural Fest

Represented college in **Throwball, Kho Kho, and Cricket**

**TEDx Talks Participant** – Communication & Public Speaking

## SKILLS

**Programming Languages:** JAVA, JavaScript, HTML, CSS

**Databases:** SQL, DBMS

**Soft Skills:** Time Management, Leadership, Decision Making, Enthusiasm, Learning Attitude & Adaptability
